## 2 Purpose

3 The parties agree that whatever terms are stated or implied herein, the intent of this adoption contract  
4 and actions of the parties shall be to serve the best interests of the subjects. A parrot is a family member  
5 like a child, needing the same degree of commitment, love, handling, and enabling to their nature. Right  
6 love is key to a successful adoption. Agency is in the business of making families, not breaking them.  
7 Like a child it is bad for subjects to bounce around. Our goal is a successful adoption.

## 8 Terms

9 Subjects shall be returned to agency should adopter be unable to provide the care or attention needed.  
10 Agency shall issue a full refund if, within sixty days of final payment, subject(s) do not work out with  
11 adopter for any reason, or subject(s) dies from causes a veterinarian deems as predated this contract.  
12 Adopter shall keep agency current on any medical, identity, contact or address changes.  
13 Subject shall remain in the care of adopter and not be transferred or sold to a third party.  
14 Adopter shall provide a diverse healthy diet, assuming the care and expenses for subject.  
15 Adopter shall provide annual veterinary checkups and for medical needs as they arise.  
16 If medical attention is not available for an emergency, adopter shall call agency for guidance.  
17 Adopter shall show compliance by providing agency regular updates by means of candid photos and  
18 videos on social media, phone conversations, messages and home visits. For the sake of prior family it  
19 would be appreciated if some of these are publicly accessible.  
20 Adopter shall never cage subject or clip wings. We cage threats not victims, and train not disable.  
21 Caging increases problems. Caging for the safety of others suggests the situation is not working, special  
22 conditioning may be needed, or subject returned to agency.  
23 Bonded pairs are never to be separated. They can mate but must not reproduce. Replace with fake eggs.  
24 Subject shall not be intentionally bred or used for breeding purposes.  
25 The courts of \_\_\_\_\_ County, \_\_\_\_\_ shall have jurisdiction over this contract.  
26 Adopter shall assume legal expenses should agent need to resort to legal action to enforce this contract.
